ENVIRONMENTAL POLICY STATEMENT

General Statement

Econosto UK is a professional and environmentally conscious organisation which acknowledges the impact that our operations may potentially have on the environment.

The company is committed to:

- Allocating suitable and sufficient resources and implementing appropriate systems so that all legal duties are met
- Preventing pollution, reducing waste and wherever practicable ensuring measures are implemented to protect and preserve the environment
- Establishing a system to monitor and report on the outcomes of this policy and company environmental targets and objectives with a view to continual improvement
- Identifying all environmental legislation and other applicable requirements from any interested parties that apply both directly and indirectly to the company's activities

Aims and objectives

The clear objective of Econosto UK is to minimise any impact on the environment by:

- Taking steps to reduce the amount of energy the company uses and waste it produces wherever reasonably practicable
- Planning and organising staff travel so that road travel is kept to a minimum
- Investing in low-energy technology and if practicable, renewable energy technology
- Considering the effects that our operations may have on the local community
- Promoting environmental awareness amongst our suppliers, contractors and partners by implementation of operational procedures
- Ensuring effective and expedient incident control, investigation and reporting
- Reviewing and updating this policy on an annual basis

Commitment

The Managing Director has overall responsibility for ensuring that this policy is fully adopted into the Company. All employees and sub-contractors are expected to co-operate and assist in the implementation of this policy. This includes co-operating with management on any environment-related matter.
